REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stoddard:

I herein submit my tenth annual report as superintendent of schools.

The economic situation today compels us to weigh everything that we are doing to make sure that it is worth while, to evaluate it from an economic standpoint, to make sure it is being done in the best way possible and at the least cost commensurate with efficiency.

Your school officers have tried to eliminate unnecessary leaks, to take advantage of every reduction of costs in needed materials, to maintain standard qualities and not to cripple the efficiency of the teachers through lack of things necessary for successful work.

Taxes and tax burdens are today the topic of much discussion. There is no denying that public education faces a crisis. What shall we do? Shall we lose faith?

Due to the world-wide depression, a popular wave for the cutting of teachers' salaries swept over the country last year.

An error was made in placing the development of children on a level with mercantile and manufacturing business. For the business may recuperate its loss when times become favorable; but the loss to the developing child is loss forever.

Here, I wish to commend the action of the towns of my district, in the fact that five of the eight towns maintained the same salaries and the other three towns made moderate cuts. If I may judge from what I read in the papers today, the peak of cutting teachers' salaries is past. The wave is on its ebb.

A question which is sometimes asked is: "How far can a man go into the woods?" The answer, "Only half way." For after that he is on the way out. We trust that so far as the depression effects our public school system, New Hampshire and the rest of the country are on the way out.

Therefore, let us be optimistic. Let us not take the props from under the bridge over which the country must travel to reach better times. But as citizens of the greatest republic in the world, let us be mindful of the following facts: (1) The school is the agent of the state in preserving itself; in creating its own future. (2) Education is not a charity but a part of the national defense. (3) Education is the author of national ideals, the moulder of the soul of America.

Let us resolve: Not until other means have been exhausted should the necessary appropriations for education be touched. We have no right to punish the children for our lack of foresight, and they are the ones who will suffer under this procedure.

The above statements are made not for any emolument unto myself, but they are made in the interests of your children and for the prosperity of our state and nation.

PROMOTIONS

The following numbers of promotions in respective grades were made in June:

Grades,	I	II	III	IV	V	VI	VII	VIII
	0	0	1	0	0	4	1	5

These promotions were made on the following points: term rank, regularity of attendance, standard tests, and the regular tests given by the teacher.

In the above mentioned tests, the pupils scored a creditable standing in their respective grades.

TEACHER FOR YEAR ENDING JUNE 30, 1932

Miss Marjorie Record, a graduate of Keene Normal, three year course, was teacher for the entire year. Miss Record closed a successful year in June, and has continued as teacher the present year. At present, the school is well organized and doing successful work.

In June, the following pupils were promoted from eighth grade: Francis Ayer, Franklin Ayer, Gracie Bacon, Edward Pray and Barbara Reed.

All entered the high school in September.

HEALTH ACTIVITIES

Dr. William Robb, school physician, examined 13 pupils with the following results:

Defective teeth,	6
Diseased tonsils,	4
Defective breathing,	1
Adenoids,	4

Cases of communicable diseases:

Skin diseases,	2
----------------	---

Protection against communicable diseases:

Number vaccinated,	13
--------------------	----

In conclusion, I desire to express my appreciation of the helpful assistance of the School Board, of the courtesy and hearty co-operation of the teacher, and of the loyal support of parents and citizens.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.
